- Yes
- No
- I do not know

About how many employees were laid off in the last 12 months?
[multiple choice]

What we need to know:

Are they in HR?

Do they handle UI?

Are they a TPA or do they work in house?

Helpful starting points:

Do they use a software like Intuit and/or interface directly with the state website(s)?

What industry, what state are they located in, and how big is the company?

How big is their HR team/do they work with other people on UI?
